dered during the rebellion.

John Wagner, a young man who was employed on the steam saw mill of Isaac Michaels, at Twin Rocks, in Blacklick township, as an off-bearer, met with an accident on last Monday afternoon that will lay him up for some time if it does not cripple him for life.

While he was about taking some lumber off the carriage, the carriage in some manner was accidentally started back, carrying Wagner along towards the rapidly revolving saw. He realized his dangerous position and made every effort to get away but failed and the saw struck him on the hip, cutting a gash twelve or fourteen inches in length and deep into the flesh

and bones. It was done so quickly that his fellow workmen were powerless to render him any assistance until he fell off the carriage when he was picked up and tenderly cared for until the arrival of Drs. Davison and Jones, of this place, who were summoned by telphone and who dressed his wounds It is believed that he will recover.

#### Miscellaneous Notices. Correspondence.

Pensacola, Oct. 7, 1895. ED. FREEMAN:-In our theaters it is common thing to see the cowardly villain with a gleaming dagger or deadly poison sneaking after an unsuspecting victim but it is a rare thing indeed in a civilized country and a christian com munity to find a being who is so devoid of all human feelings, and with so little fear of the judgment of Almighty God as convince us that such scenes exist in re-

At the solicitation of my father-in-law

William Martz, I moved upon his farm here in Pensacola in the month of March last. I came an entire stranger to all soliciting the good will of everyone. I did not know that I was infringing on the rights of anyone by coming on a farm which was owned wholly by the party who wished me to come, but it seems that there is a party here who is very spiteful toward me and mine. I bought a team in April last and in less than three weeks one o them was dead. Again in July one of my cows fell down and in less than three minutes was ready for hauling out. Our milk was drugged in the spring house until we were compelled to move it in the cellar and a considerable amount of butter was thrown away. I had a horse owned by Daniel Skelly, of Wilmore, and it was 'doctored" while turned out in our sugar camp until it was impossible for it to work and I asked Mr. Skelly to take it home for ear it would finally be killed. I then about the last of August, bought a horse, and just one week afterwards I turned both my horses in the field in front of my house, and in less than thirty minutes one of them was doubled up with a dose of ome rank poison.

On Thursday morning of last week again let my horses in a small field just below and in plain sight of the house and a short time afterward a being wearing the garb of a human person, with a face covered with hypocracy and deceit, and a heart filled with murder, came to the fence on the lower side of the field and laid through the fence an apple that had been cut hollow in the centre and filled with London purple for the express purpose of killing one of my horses, but caring little even if my little children should be murdered by picking it up and eating it, for they have been permitted to take apple about the place as they pleased, not think ing that there were neighbors who were so mean and low and so far removed from all feelings of humanity as to execute such a cowardly and dastardly deed, But whether it was luck or the will of the Su preme Being, my wife was suspicious and went out and discovered the dangerous thing before it had fulfilled its purpose. But I now give fair warning to the parties concerned to keep off the place and let me see them no more prowling and sneaking about my house or barn after dark or they may be "sleeping where that long legged daughter is" as they have seen

#### Railroad Wreck at Manor Mail Express west on the Pennsylvania

ralroad was wrecked at Manor station near Pittsburg, at 7:30 on Wednesday night, and one man was killed, several fatally and ten or fifteen seriously injuried. The wreck occurred about 150 yards west of Manor while the train was running at the rate of 50 miles an hour. The second car from the rear jumped the track and colled over on its side on the tracks of the Manor Valley railroad. John W. Miller. the conductor of a Pennsylvania railroad freight, No. 1156, which was sidetracked, was standing on one of the tracks waiting for Mail Express to pass. When the car of the latter left the rails it struck Miller and instantly killed him. John Baker, a mail carrier at Manor, who was also standing near by, was struck by the car and seriously but not fatally injured. As quickly as possible after the wreck had occurred a train was made up and sixty or seventy passengers in the wrecked cars, including six or seven of the injured, were taken to Pittsburg. Three or four of the injured are in a precarious condition. Two are a man and wife, neither of whom will give their names. Eight doctors, with stretchers, arrived at Manor at 11:30 cn a special train to attend the wounded.

Among the injured are H. Kunkle and Miss M. H. James, of Johnstown; H. J. Lape and J. B. Roth, of Attoona, but none of them seriously. Among those those who escaped with little or no injuries were C. A. Callahan and family, of Braddock, who had been visiting Mrs. Callahan's parents, Mr. and Mrs. William Richardon, in this place, and who left Ebensburg

### DENTISTRY.

Do you know we are taking out teeth every day without one particle of pain?

Well, we are doing this very thing with
"Odontunder," the only local anæsthetic
that has stood the test and to-day it is the only one that is used universally by den-ists who are up to date in their calling. The price for "Odontunder" when painess is 50 cents, but if you experience the east pain, we only charge you the usual

How about those teeth that need filling? Well, you say they don't ache. ust the reason why you should have them lled now. After they have ached once you will probably have to have the nerve killed and the tooth treated if you are deirious of saving it. I only charge 50 cents or amalgum fillings and from \$1.00 up for gold fillings. These are hard-time prices but they go just the same. Why procras-tinate?—that's a big word but it's a good ne right here because procrastinat means to the patient loss of sleep, neural-gla, ear-ache, tooth-ache and goodness knows what else. We know of a good many young ladles of our acquaintance who would have been married long ago if it hadn't been for those horrid-looking teeth. Remember, to every patient naving teeth filled I give a box of Dr. Richards' coth powder and full instructions for the care of the teeth. On the 13th of each month I will extract teeth free of charge You say why on the 13th. Well, now, that's my business. All you have to do is to come. Remember I won't take out your good teeth, because 1 don't believe in it. Then you say suppose the 13th falls on Sunday. Come right along and we will be only too glad to relieve you of the offending member.
